

The SVRCD offers many natural resources support services in the field and in the office. We are able to help private landowners, non-governmental organizations, and governmental agencies endeavoring to effectively comply with environmental policy and conservation priorities and regulations.

Our dedicated staff has the education, experience and capability to assist your organization with navigating the complex realms of restoration, conservation and compliance. Siskiyou County's natural resource issues can be challenging. We can help.

Call us to discuss your needs at 530.572.3120 or visit our website to see our current and past projects www.svr.cd.org.

Mission

To work with interested landowners on a voluntary basis to enhance the management and sustainable use of natural resources in order to ensure the long term economic viability of the community.
